

Permits, Applications, Hearings & Decisions

Last month Massachusetts State Governor Charlie Baker signed [COVID-19, Order No. 17](#), which affects application timelines & deadlines.

This month [Chapter 53 of the Acts of 2020](#) was put into place. This changed everything for Municipalities giving them greater freedom to take the steps necessary to complete any applications they receive during the state of emergency. It affects all aspects from acceptance of documents, to hearings and approvals. However, it also places restrictions. You can find more information on these matters by visiting Rackemann, Sawyer & Brewster Counsellors at Law's latest article [here](#).

Adapting Business Changes Due to the Current Events

Unexpected disruptions can throw a major wrench in business processes. Visualize your processes to maintain much needed stability and communicate changes across your team. Now, more than ever, communication & transparency are key. 70% of complex, large-scale change programs fail. Why? Over-complication, lack of ownership, inflexibility, and failure to communicate. You can learn about these pitfalls, avoid them and see how you can achieve your process improvement goals by clicking [here](#).

Please know that MBL is up and running smoothly. We are doing everything necessary to make sure our client's projects will progress in a steady manner. We have implemented our existing technology to help facilitate our client's needs.
